

Protect your environment,
win with the ecoPoints you get
and share your environmental impact

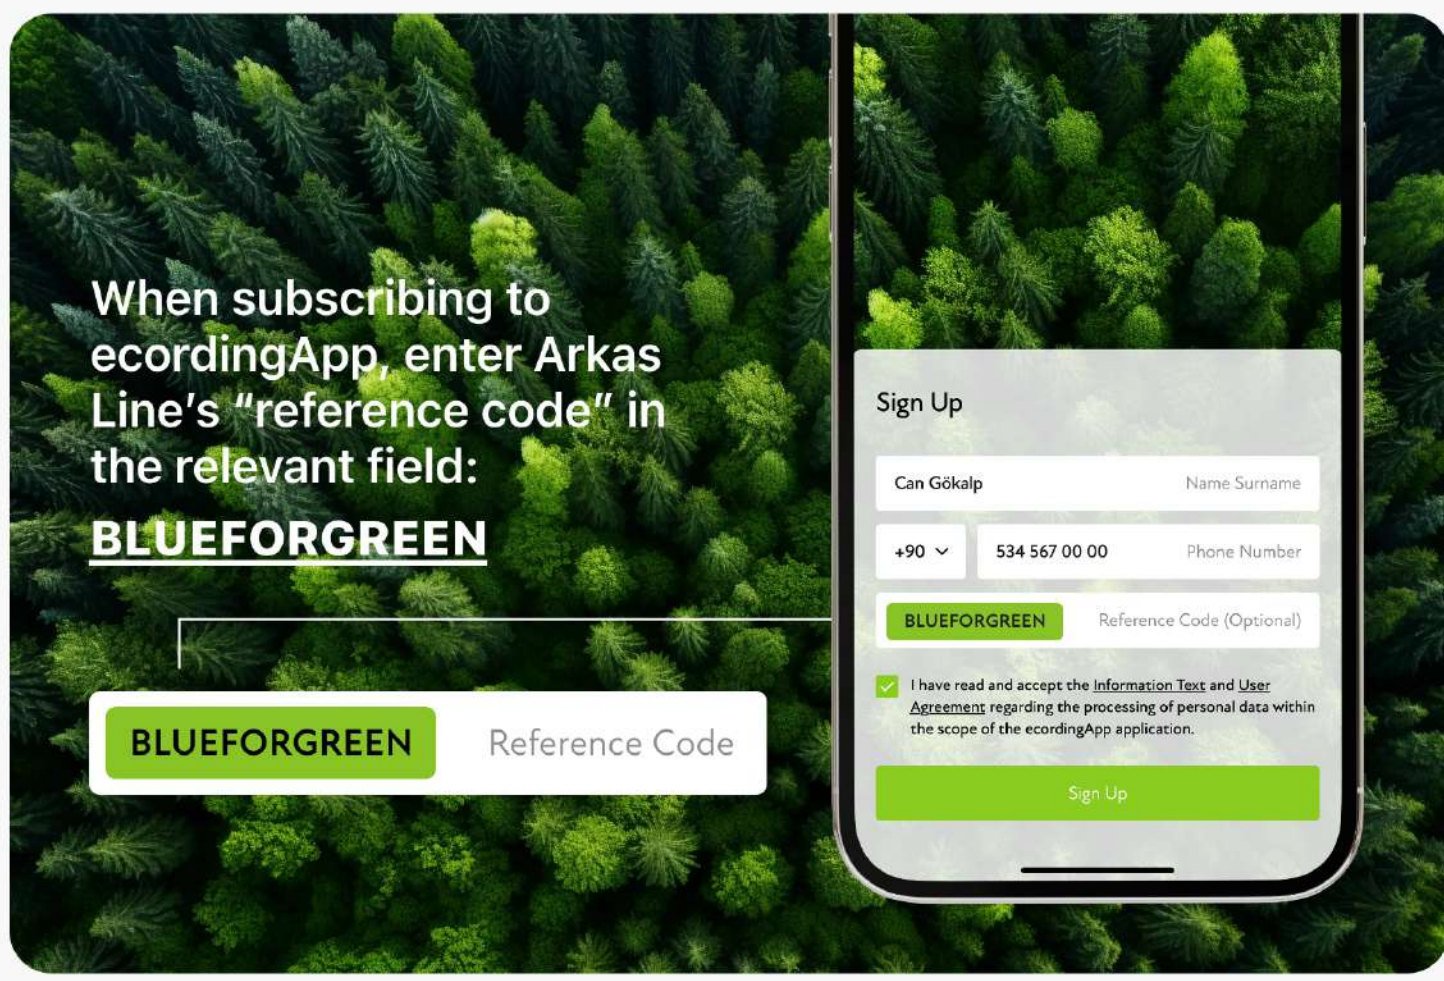

Arkas Line x ecordingApp

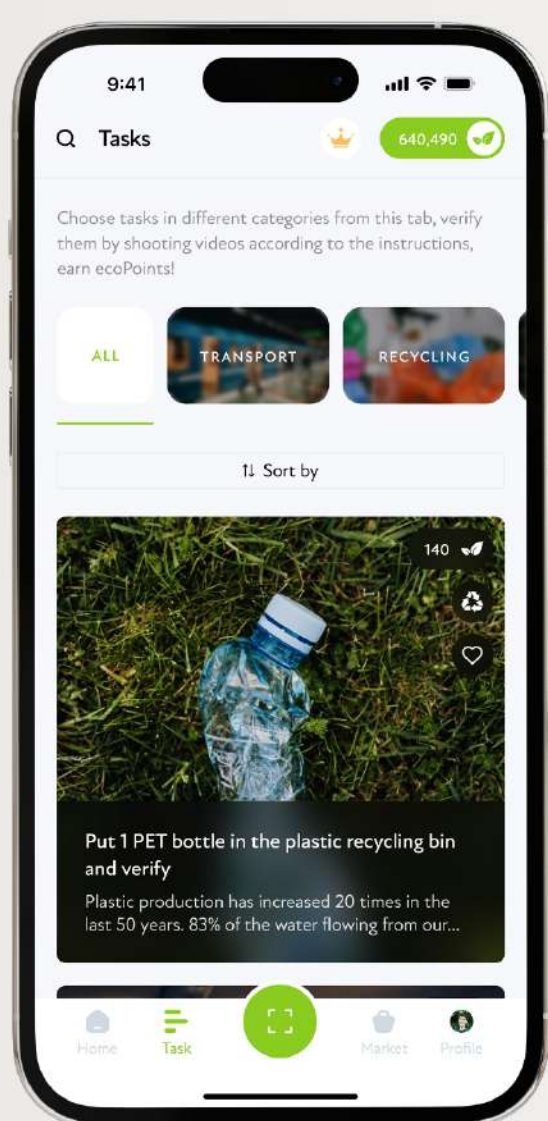

ecordingApp is a mobile application where you can meet your own and the world's needs with the ecoPoints you get while you are confirming the tasks given for the benefit of the world and taking action against the global climate crisis.

The set up is simple:

Verify environmentally friendly tasks, share your environmental impact with your friends, collect ecoPoints and earn gift vouchers from different brands in the in-app market!

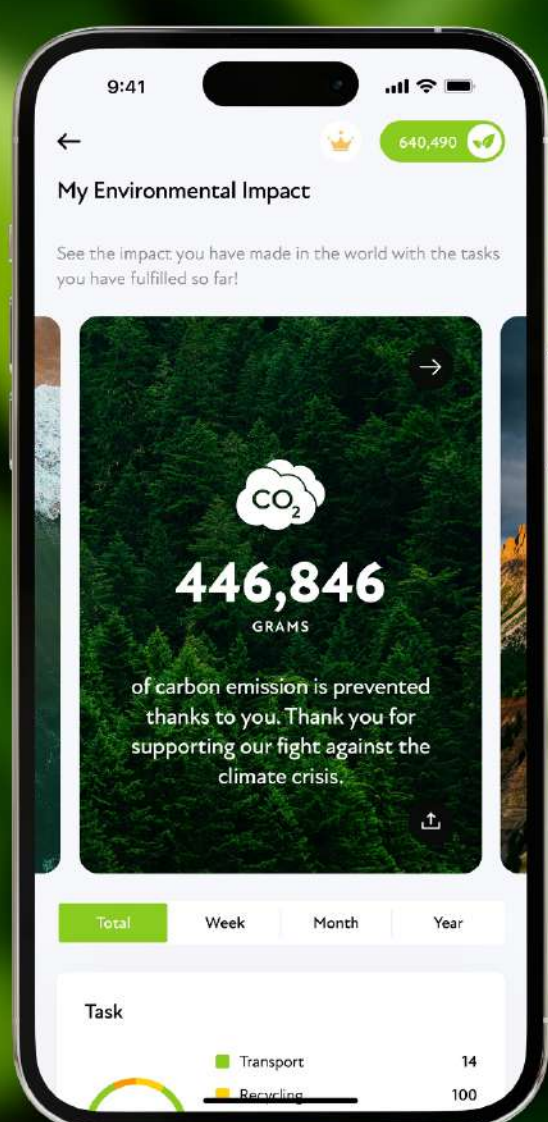

Choose tasks that you
will create value and
benefit for the world

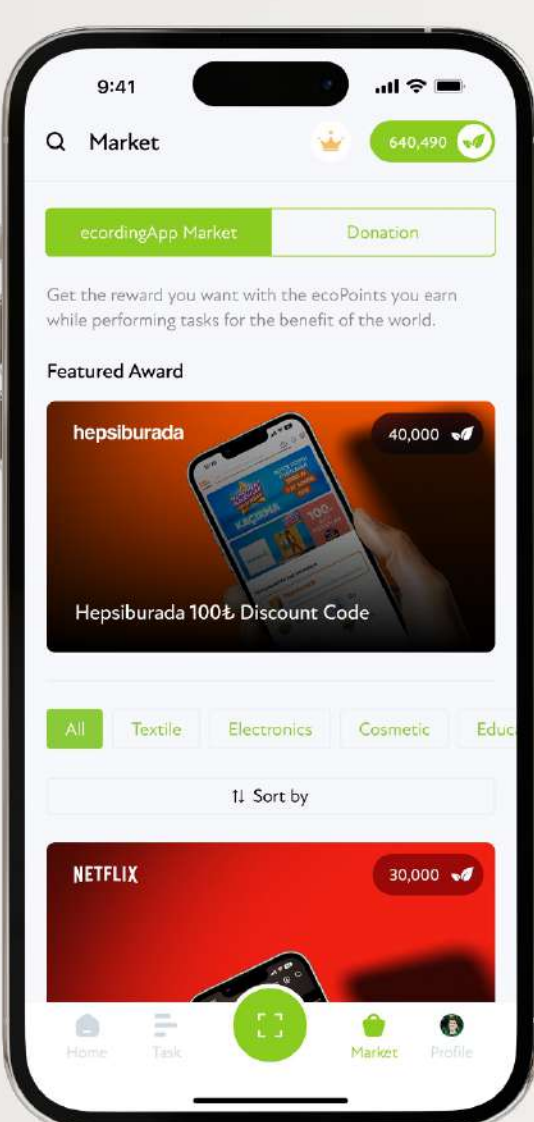

Verify selected tasks
with in-app camera

Measure, track and
share your
environmental impact

Earn ecoPoints and
meet the needs of
yourself and the world

Download ecordingApp,
take action for the planet now!
